

Pathogenics Practitioner School

Course Prospectus

Is Pathogenics for you?

Anyone with a passion for helping people, and an interest in natural health can learn Pathogenics. You do not need a treatment room or couch as Pathogenics is not a face to face therapy – it is all done remotely and you can work with clients anywhere in the world. Energy has no borders.

You do not need any previous experience of dowsing or energy healing to be an effective Pathogenics Practitioner as both of these are fully covered in the course. However, a knowledge of either is helpful for you to understand the power and effectiveness of this work.

You do not need any previous knowledge of pathogens, health conditions or anatomy and physiology but you will be learning some of the basics of this, so any prior knowledge is useful. After each session you will be asked to complete 1-2 hours of homework/practice before the next class.

Sessions are approximately 90-120 minutes depending on questions and attendance.

To Summarise

- **Level 1** is a stand-alone course and there is no need or obligation to continue to train in Pathogenics.
- **Level 2** will allow you to treat yourself and your friends and family (including pets). Again you may wish to stop here if your goal is to use this only for yourself and loved ones.
- **Level 3** will allow you to work on a broader level and with clients to create a stand-alone Pathogenics business or to integrate it into an existing health business.
- **Level 4** is by invitation only to students who have completed the other 3 levels and have been in practice for a minimum of 6 months and have worked on a sufficient number of clients.

Please note that as yet there is no 'recognised body' or authority for Pathogenics.

This healing method is less than 10 years old and currently there are less than 20 practitioners worldwide.

I am passionate about teaching this amazing practice to others as I feel that energetic healing practices like this are the future of health, and I have had a very strong calling to spread the word!

You will be issued with a Pure Pathogenics Practitioner School Certificate on completion of each module. It is possible to get practitioner insurance – I will be advising on this during the course.

Courses can be paid for by instalments if necessary – please enquire.

Level One – Dowsing Basics to Advanced

4 Weeks £175.00 (also available as a pre-recorded course £99.00)

Sessions are approximately 90-120 minutes depending on questions and attendance.

This four-part workshop is suitable for complete beginners, those who have already dabbled and would like to learn more, or practitioners who would like to add some useful tools to the toolkit. You will be taken through the fundamentals of dowsing in a comprehensive way, ensuring that you are able to dowse with accuracy and integrity, learning new skills each week to help with many areas of your life. It's fun, interesting, easy to learn, and is life changing! As dowsing is the basis of Pathogenics, this first module will set a strong foundation for an accurate and ethical dowsing practice, to enable you to trust your dowsing answers. This module will teach you not only to understand and avoid the pitfalls of dowsing (and where so many go wrong), but will also introduce you to many other applications of using a pendulum in your everyday life, for self, family, friends, pets and clients. This level is a prerequisite for level 2 onwards, even if you are a proficient pendulum user.

Pre-recorded course participants will still have access to ask questions and discuss issues as needed as they are following the course.

Learn to Dowse

Courses run regularly

Anyone can dowse
I could teach you in minutes!!!
It's an ancient practice to guide our lives..... they should teach it in school (Imagine!)
I often ask myself how I would function without it
So why do you need to sign up to my course?
I'll tell you

Level Two – Pathogenics Basics

8 Weeks £1195.00

Sessions are approximately 90-120 minutes depending on questions and attendance.

This module is an introduction to Pathogenics, starting with an overview of how Pathogenics works and how you can integrate this into your current practice (if you are currently a natural health practitioner) or how it can be a stand-alone business.

You will be taken through the process from start to finish, and by the end of the module you will have a clear understanding of how Pathogenics works. You will be able to test, clear pathogens and recognise symptoms from a list of the most common 250 Pathogens for yourself, friends, family and pets.

This module will allow you to help yourself and others with some basic health issues and to understand some of the root causes of illness and disease symptoms.

This maybe where you stop your learning, or if you want to continue to work in a deeper way to tackle more complex symptoms or work with clients then this module is a foundation for Level 3.

Level Three – Pathogenics Practitioner

8 Weeks + Exam £1495.00

Sessions are 90-120 minutes depending on questions and attendance.

In this module you will become more proficient and confident in your detection and clearing of pathogens. You will further your knowledge and gain a deeper understanding of pathogens, exploring the top 1200 most common. You will be able to help with many more health issues with confidence. You will learn how to take clients from the first contact through the process, to include the intake form, testing and consultation - learning how to assess, clear and follow up with clients, market the business and build up a client base. You will learn some of the pitfalls and how to avoid them, and how to work with sensitive clients.

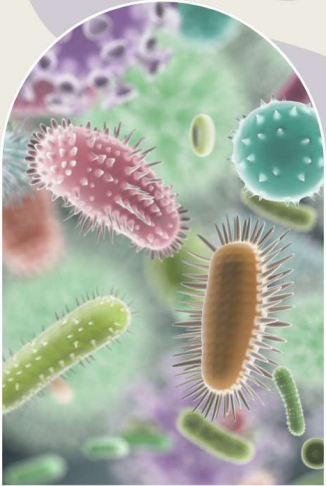

About Pathogenics

Optimising Health Naturally.....

*Pathogenics is the
detection and
clearing of specific
pathogens using
remote energy
healing.*

*When pathogens
are removed,
symptoms heal.*

Level Four – Advanced Practitioner

By invitation only - following completion of Level 3. At this level you will be given the top 4000 pathogens and toxins, understand how to manage more complex cases, and learn some advanced energy clearing techniques. Level 4 is only taught to those students who have completed Level 3, have passed the exam and have been practising Pathogenics for at least 6 months.
